

# **Appleton Public Library** Library Card Application

Staff Notes:

**Terms of Service – please read:** The holder of this card has borrowing and other privileges at all member libraries in the OWLSnet consortium. The Appleton Public Library will limit children's access to library resources, including specific collections or the Internet, upon request of parents or custodial guardians. Children's use of some resources at other OWLSnet members may be restricted by those libraries. Under Wisconsin Statute 43.30, parents or custodial guardians of minor children have the legal right to access library records for their child under the age of sixteen. The records of patrons aged sixteen or over will not be released to anyone other than the patron without a court order or the patron's permission.
